NUMBER 9.

AN UNEVENTFUL DAY

Republicans in Full Charge of the House.

HOW THEY DREW FOR SEATS.

Indications Point to Mr. Payne of New York as Leader of the Majority and Chairman of the Ways and Means—Nothing Done in the Senate but Swearing in of New Members—Details of the Day.

WASHINGTON, Dec. 3.—The house of representatives has passed into the control of the Republicans and Thomas Brackett Reed of Maine again triumphantly assumes the speaker's gavel.

The opening session was, as is usual, an animated and brilliant occasion, set off with crowded galleries in holiday attire; intoxicating with the perfume of hundreds of floral tributes to popular members and pervaded with a spirit of jubilation and good nature. Old familiar faces were absent, but there were plenty of new ones to take their places. Still, the proceedings themselves, as usual, with opening sessions, were of a routine character and devoid of interesting or sensational features. The house simply organized, adopted the usual resolutions to notify the president and the senate that the house was ready for business and wound up by indulging in the biennial lottery or seat-drawing contest. Speaker Reed was beyond question the star of the occasion.

THE NEW SPEAKER.

His appearance was the signal for a most flattering and enthusiastic demonstration. His inaugural was modest and full of good feeling but noncommittal as to policies. However, it was not expected that the speaker would touch the questions to be dealt with by the house. Ex-Speaker Crisp assumed the leadership of the minority and it was significant that Mr. Payne of New York made the motion which usually devolves upon the leader of the majority. This is taken to mean that he is to be chairman of the ways and means committee and the recognized leader of the Republicans on the floor.

Drawing For Seats.

An arrangement was entered into by which the Republicans should have the first tier of the seats on the Democratic side and also the two last tiers.

Three hundred and fifty-six members were placed in a box and shaken up. A blind-folded page drew out the ballots and the members selected their seats as their names were drawn. According to the usual custom the house granted the ex-speaker, Mr. Crisp of Georgia, and Mr. Grow of Pennsylvania, the privilege of selecting their seats without drawing.

Mr. Crisp selected a seat in the heart of the Democratic minority and Mr. Grow took a seat near the center of the Republican side. The name of Mr. McClure (Rep., O.) was the first drawn from the box; Mr. Owens (Dem., Ky.), the successor of Mr. Breckinridge, was the second; Mr. Perkins (Rep., Ia.) the third.

Popular members were applauded as they came forward and selected their places and the page boys scooped from desks conveying floral pieces sent by admiring friends. Before the drawing was half completed the array of desks was transformed into a bower of roses. Among those who were thus remembered were ex-Speaker Crisp and Messrs. Hendon of Iowa, Brownell of Ohio, Henderson of Iowa, Wheeler of Alabama, Linton of Michigan and Mercer of Nebraska.

Some of the oldest and most prominent members on both sides were unlucky in the lottery. Mr. Hitt of Illinois, who will be chairman of foreign affairs; Mr. Henderson of Iowa, who will probably be chairman of appropriations; and Mr. Walker of Massachusetts, who will have the banking and currency committee, were obliged to content themselves with seats in the last tier on the Democratic side, known as "the Cherokee Strip." Among the last names called was that of Mr. Payne of New York, who is much talked of for the chairmanship of ways and means. He found a vacant chair on the remote left.

Mr. Bartlett (Dem., N. Y.) drew the "booby" prize. His was the last name called. As soon as the drawing was completed the house, on motion of Mr. Payne of New York, adjourned.

In the Senate.

Nothing happened in the senate yesterday that had not been anticipated. The body was called to order by Vice President Stevenson. The new senators and those who had been re-elected were sworn in. A committee was appointed to notify the president and the

usual resolutions incident to the beginning of a session were introduced. The senate took a recess of an hour at 12:28 p. m., and at 1:30 adjourned, after an absolutely uneventful session. The new senators and those re-elected were sworn in groups.

In the first group were Messrs. Bacon, Baker, Berry and Butler. Then came Messrs. Caffery, Carter, Chandler and Chilton.

Following them were Elkins, Frye, Cullom, Gear, and after them Harris, Hoar, Lindsay, McBride, McMillan, Burrows, Martin, Morgan, Nelson, Pettigrew, Sewell, Shoup, Thurston, Tillman, Walthall, Warren and Wetmore.

The last group attracted special attention, being led by ex-Governor Tillman of South Carolina dispensary fame, arm-in-arm with Mr. George of Mississippi, behind whom came Mr. Waltham of Mississippi, on the arm of Mr. Blackburn of Kentucky.

Mr. Wolcott's name was called, but he was not present.

ENORMOUS APPROPRIATIONS.

The Estimates For Next Year Amount to \$418,000,000.

WASHINGTON, Dec. 3.—The secretary of the treasury has transmitted to congress the estimates of appropriations required for the fiscal year ending June 30, 1897, as furnished by the several executive departments, which aggregate \$418,001,073.

The appropriations for the present fiscal year amounted to \$412,753,264. The estimates for the fiscal year 1897 are recapitulated by titles as follows:

Legislative establishment.....	\$ 3,890,581
Executive establishment.....	30,103,242
Judicial establishment.....	933,540
Foreign intercourse.....	1,643,058
Military establishment.....	24,536,988
Naval establishment.....	27,583,975
Indian affairs.....	8,760,453
Pensions.....	141,384,570
Public works.....	23,571,028

Miscellaneous.....	36,635,631
Permanent annual appropriations.....	119,054,160
Grand total.....	\$418,001,073

First Bills Introduced.

WASHINGTON, Dec. 3.—Representative Linton of Michigan has the distinction of having introduced the first bill in the house of the Fifty-fourth congress. It is in the interest of railway postal clerks.

Another bill in the interest of postal employees was introduced by Representative Aldrich of Illinois. Mr. Aldrich also introduced a bill making ineligible as receiver of a corporation engaged in interstate commerce, any persons who have been officers or employees of the corporation at any time during the three years preceding.

CHARCOAL FUMES

Take the Life of Three Men in a Sugar Refinery.

NEW YORK, Dec. 3.—Three men will die and two more narrowly escaped with their lives as a result of an accident in the Mollenhauer sugar refinery at Williamsport.

Mollenhauer's refinery shut down last Thursday. Last night five charcoal workers were ordered to begin work in the underground charcoal pits, which, when not in active operation, are generally closed. As the thick fumes of the charcoal, which has accumulated for several days, struck the men, they fell down senseless, one after the other.

Those who can not recover are: Herman Fuchs, 28; Thomas Kohlman, 27, and Thomas Levy, 38. Two others were taken out unconscious, but will recover.

SIX MONTHS

Mrs. Cottier Must Stay in Jail For Contempt of Court.

CHICAGO, Dec. 3.—The sentence of Judge Payne in the contempt case of Lizzie D. Cottier was upheld by the appellate court. Judge Payne sentenced Mrs. Cottier to six months in jail for refusing to answer questions in regard to the whereabouts of her daughter, Florence, in her divorce suit against her husband, Alonzo D. Cottier.

Mrs. Cottier is now in Buffalo, but her attorneys have telegraphed her to come here, and they state that they will carry the case to the supreme court.

Sudden Death From Apoplexy.

SCOTTSDALE, Ind., Dec. 3.—The remains of John P. Strouse, a prominent farmer of Finley township, this county, were buried at Little York. Mr. Strouse was well known and highly respected throughout the county. His death was very sudden, being caused by apoplexy. The deceased was 55 years old, and an active member of the Odd Fellows and Masons.

Caught by Decey Letters.

BOSTON, Dec. 3.—Henry J. Files, a letter carrier of the Back Bay station, was arrested for stealing letters and money from the mail yesterday afternoon. A decoy letter was used to detect him, and two \$1 bills marked for the purpose were found in his pocket. It is stated that he has confessed and will plead guilty to the charge in court.

Single Tax Lagging.

NEW YORK, Dec. 3.—Responses received from leading advocates of the single tax theory throughout the country to the invitation to participate in the conference of so-called reform forces in Chicago, in March, 1896, are generally unfavorable to the proposition.

Fell Dead on the Street.

CHICAGO, Dec. 3.—A. L. Hubbard of Angola, Ind., fell dead on the street here yesterday. Death was caused by heart disease.

MINISTER ARRESTED.

He Registered Without the Right to Do So.

TOWBOAT AND BARGES SUNK.

The Advance Strikes the Sand Creek Bar Near Ravenswood and Goes Down, Losing Eleven Barges—A Lovelorn Suicide at Chillicothe—Died in the Flames. Other Ohio Dispatches.

FINDLAY, O., Dec. 3.—Rev. Joseph E. Ebben-Powell, rector of the Trinity Episcopal church in this city, was arrested yesterday on the charge of false and fraudulent registration.

Rev. Ebben-Powell attempted to do a little Parkhurst work of his own and prove how loosely the election laws are enforced in this county and how easily they can be violated. Although a subject of Queen Victoria, he said that he could register for the last election, and actually did so on the third registration day in Precinct A, Third ward. He, however, made no effort to vote. Bishop Leonard has been telegraphed for.

SHE SANK.

The Towboat Advance Lost Near Ravenswood, W. Va.

POMEROY, O., Dec. 3.—The towboat Advance with 11 barges of coal belonging to the Advance Coal company of Pittsburg struck the sand creek bar near Ravenswood, W. Va., at 10 o'clock Sunday morning, piling up all of them and damaging the boat so that she sunk. When last heard from the water was over her lower deck, but not deep enough to put out the fire under her boilers.

Lawyer Swadener Dying.

DAYTON, O., Dec. 3.—The startling news was announced yesterday when Judge Dwyer's court opened that Charles E. Swadener, the ex-attorney whose sensational suits come to trial this week, is lying at the point of death. There has been a collapse in his highly nervous condition and he is rapidly sinking. It was thought at first his illness was assumed but investigation shows that the actions brought against him by the many who claim he defrauded them will never come to trial and the attorney will answer to a higher tribunal.

A Lovelorn Suicide.

CHILLICOTHE, O., Dec. 3.—Newton Bookwalter, a member of one of the best known families in the county, was found dead in bed yesterday. He had shot himself through the heart. The only reason that can be assigned for the rash act is an unfortunate love affair he had with Miss Schaffer. He was only 21 years old and was well known all over the county.

North Lima Sticks.

LIMA, O., Dec. 3.—North Lima oil is the only one that has held its own against two declines in prices. Yesterday eastern oil came down 5 cents, making Tiona 150, Pennsylvania 140, Barnesville 130, Corning 120 and New Castle 115. South Lima was reduced 2 cents to 80 cents and Indiana to 75 cents. North Lima still brings 90 cents.

Died in the Flames.

NORTH BALTIMORE, O., Dec. 3.—The Zihlman glass factory burned Sunday. The fire started from a gas meter explosion. Loss, \$60,000; partially insured; 150 people are thrown out of work. Andrew Beart, a workman asleep in the factory when the fire broke out, perished in the flames. Joseph Zihlman, manager, barely escaped with his life.

Little Stella Suffocated.

PORTSMOUTH, O., Dec. 3.—The remains of little Stella Kehrer, who met death Saturday night by falling into a vault, were removed yesterday to the home of the afflicted family at Sciotoville. Mrs. McAleer, the relative, who was close at hand when the accident occurred, is almost distracted with grief.

A Professor Fatally Injured.

CLEVELAND, Dec. 3.—Professor T. M. Smith of Chase school of applied science was fatally injured yesterday while conducting one of his chemistry classes through the river blast furnace. He was caught in the furnace elevator and terribly crushed. He lies in the general hospital and can not live until morning.

An Unlawful Kindler.

WARREN, O., Dec. 3.—What is believed to have been the second incendiary fire here within a week occurred Sunday night when the saloon and residence of S. C. Smith was almost destroyed. Loss covered by insurance.

Waylaid and Robbed.

CIRCLEVILLE, O., Dec. 3.—Allan C. McArthur was waylaid, robbed and terribly beaten by thugs near his home, three miles from town.

VALPARAISO, Ind., Dec. 3.—At Chesterton, during the night, the safe of Contractor Demiss was blown with dynamite. The thieves secured \$500 in cash and \$5,000 worth of negotiable paper.

Bull Run in Town Lots.

MANASSAS, Va., Dec. 3.—Bull Run, the first battlefield of the war, is to be sold at auction, to be divided into small farms and town lots. The sale will take place here by order of the court.

FILIBUSTERS CONFESS.

General Alvarez and His Men Part of the Carrillo Crowd.

NEW YORK, Dec. 3.—A dispatch to The Herald from Havana says: Alvarez, the Venezuelan general, who, with four companions, was captured recently at Aquadores, near Santiago de Cuba, has been examined by the Spanish authorities and has confessed that he and his fellow-prisoners were filibusters. They were part of the Carrillo expedition, Alvarez said, which, he added, came from Florida Keys on the Danish steamer Horsa. The party comprised 42 men, who intended to disembark at Cape May. There, however, they sighted a Spanish warship and changed their course. A landing was finally effected between Sigua and Santiago. The heavy arms were not put ashore because of the haste with which the disembarkment was made. The boat in which the prisoners were when captured, Alvarez said, had drifted and become separated from the others. Two Americans accompanied the expedition, the Venezuelan general stated.

DUNFEE MURDER CASE.

Two Men on Trial at Columbia City For Killing Postmaster Singer.

COLUMBIA CITY, Ind., Dec. 3.—James Cunningham and William Thompson, charged with the murder of Postmaster Singer, at Dunfee, on Sept. 17 last, will be tried this week in the circuit court of this county. There is some fear that if Cunningham and Thompson are found guilty a lynching will follow, at least an attempt in that direction, as there is an organization of farmers in the Dunfee locality who have already made lively threats against the accused. The late Mr. Singer served as postmaster from the time an office was established at Dunfee until his murder. It is known that on the day before the murder he had in his possession \$400, and it is charged that Cunningham and Thompson forced their way into his room on robbery intent, and upon being discovered by Singer, they killed him to prevent his appearance as a witness against them. Singer was bound hand and foot, after which he was beaten to death with a club.

IMPRISONMENT FOR LIFE.

Such Is the Sentence Passed by a Spanish Court on Sanguly, the American.

HAVANA, Dec. 3.—General Julio Sanguly has been sentenced to imprisonment for life for having committed illegal acts against the Spanish government. Sanguly has proved his American citizenship and his case will be appealed to Spain on the ground of irregularities in his trial.

An Elopement Abruptly Ended.

ATHENS, Ga., Dec. 3.—John T. Alexander of North Bend, Miss., was arrested here yesterday in company with Mrs. J. D. Philaw, whom he had brought from her husband's home at that place. The couple left home last Tuesday while Philaw was on a business trip to Meridian. As soon as he learned of their leaving he started after them, tracking them here. The couple, with Mrs. Philaw's 2-year-old child, reached Athens Friday night and stopped at a private boardinghouse. They were at the depot looking for their trunks when arrested. Philaw would have shot Alexander had he not been prevented by officers. Alexander is in jail and will be taken back to Mississippi.

That Ship Canal.

TERRE HAUTE, Ind., Dec. 3.—Colonel McLean, ex-deputy commissioner of pensions, who, as state senator, secured the passage by the legislature, of a joint resolution calling on congress to authorize a commission to investigate the feasibility of a ship canal from Lake Michigan to the Wabash river, will go to Washington in a few days to press the matter. It provides for a committee, to be composed of two citizens of Indiana, one of Illinois and two engineers officers of the army.

Came Back For Her.

VALPARAISO, Ind., Dec. 3.—Two years ago George Lufberry of Paris, France, came here to attend the normal school. He met Miss Bertha Miller, a society belle, whom he wooed and won. He returned to his home in July. Saturday he came back here and yesterday the couple were married. His father is a wealthy Paris merchant. They will sail for France Dec. 10.

Uncertain as to Flow.

ANDERSON, Ind., Dec. 3.—Major Charles Doxey is at Pittsburg consulting with experienced oil men with reference to the new oil well near Knights-town. About \$4,000 has been expended in developing this old gas well into an oil producer. At intervals it produces a high grade of oil, but it is uncertain as to flow.

Verdict For \$4,750.

BEDFORD, Ind., Dec. 3.—John J. O'Brien, who brought suit against the O'Brien-Bedford Stone company for damages, growing out of injuries received while employed by the company, has recovered a verdict of \$4,750. The case will probably go to the supreme court.

Charged With Arson.

KANSAS CITY, Dec. 3.—W. R. Clark, alias William Roberts, was arrested here yesterday. He is wanted by the authorities of Dallas upon a charge of arson, and J. D. Wemack, sheriff of Milan county, Tex., who arrived in Kansas City last night, will take Clark back to Texas. He has agreed to return without requisition.

RIDING ON THE RAIL.

New York Central Again Has the Record.

THE SCHEDULE TIME BEATEN.

Run of 440 Miles, Including Three Stops and an Exclusive Delay of 20 Minutes. Made in 494 Minutes, by the Empire State Express—London Railway's Time Outdone by Two Miles an Hour.

BUFFALO, Dec. 3.—The New York Central railroad yesterday demonstrated its ability to run upon its road the fastest regular train in the world, although it failed in this particular run to finish upon the schedule time laid out for it. This failure was due entirely to an accident, the other portions of the run showing conclusively that the fast scheduled time can be accomplished and even exceeded.

Up to six months ago, the train known as the Empire State express had the world's record as a regular train for fast running. The London railway of England, running from London to Aberdeen, began to run a trifle faster than the Empire State's record of 51 miles an hour. Yesterday the Central began a new schedule for this train which necessitates an hourly run of 53 1/2 miles, about two miles an hour faster than the English rail.

Leaving New York in the morning at 8:30, and with every condition against her, this train made more than three-quarters of the distance in even faster time than the new schedule calls for. The regular Empire State express had added to it a special car of Vice President Webb, weighing 16,400 pounds, in addition to this extra weight a drizzling rain was falling, making the tracks extremely slippery, and the extra weight was carried on the end of the train instead of next to the engine, making the resistance greater. The run from New York to Albany, a distance of 142 1/2 miles, was made in 2 hours and 23 minutes. And the train rolled into the Albany depot four minutes ahead of the new schedule time and nine minutes ahead of the old schedule.

Leaving Albany on schedule time, 11:13 a. m., and with a change of engines, Engineer Chase at the throttle of engine 999, pulled the train through to Syracuse, the end of the Central division, so that she rolled into the depot two and a half minutes ahead of the new schedule and 12 minutes faster than the old. With the gain on the Hudson River division this made a total gain of 21 minutes between New York and Syracuse.

At Syracuse, engine 904, Engineer Pallings took charge of the train and pulled out of the depot two minutes later. Half way between Syracuse and Rochester the drizzling rain turned to snow and the wind, which had been with the train so much of the distance, changed to a head wind of great resistance. Despite these conditions the train rolled into Rochester exactly on time.

From Rochester as far as Churchville, 66 miles east of the Empire State's destination, Buffalo, the stations were passed exactly on schedule time. Just after passing Churchville, where the engine takes water from the track water trough by scoop without stopping, the scoop caught on an obstruction in the trough and dropping down landed against the ties for at least a mile until the train could be brought to a standstill. It was 14 minutes before the damage could be repaired and at least three minutes had been lost in slowing up and stopping. When the train was again started, after a loss of 17 minutes, it was close upon the long, heavy grade up to Batavia, and lacking the tremendous momentum which it usually has, it lost three minutes more on this upgrade. The slippery tracks also added to the delay, and when the Batavia station was passed the train was 25 1/2 minutes behind time.

The run into Buffalo from Batavia, a distance of 40 minutes, was made in about 31 minutes, very fast time. And the train rolled into Buffalo 23 minutes behind the new schedule time, and two minutes ahead of the old schedule.

General Passenger Agent George H. Daniels expressed himself as pleased with the result of the trip despite the unfortunate accident, and declared that the new schedule is not a bit too fast for the regular Empire State express.

In Third Vice President Webb's car, there were General Passenger Agent Daniels, General Superintendent Yager, Railroad Commissioners Beardsley, Chapin and Rickard; Superintendent Butterfield of the R. W. & O., and several newspapermen. The party returned to New York on the limited. The entire run of 440 miles and including three stops and exclusive of a delay of 26 minutes, was made in 494 minutes.

South African Exposition.

LAFORTE, Ind., Dec. 3.—The Laforté Carriage company will make an elaborate display at the national exposition to be held at Johannesburg, South Africa, beginning May 1. A plan is now being outlined for other manufacturers to unite in an extensive exhibit of the manufactured products of the state.

Four Below.

ST. JOSEPH, Mo., Dec. 3.—Monday afternoon a cold wave struck this vicinity with a strong northwest wind, which increased during the night. This morning at 7 o'clock the thermometer registered 4 degrees below zero, unusual for this time of year. Stock will suffer from the cutting north wind.

GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the liver active. You must help the liver a bit, and the best helper is the Old Friend, SIMMONS LIVER REGULATOR, the RED Z. Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish liver. J. H. Zettin & Co., Philadelphia.

MRS. MATILDA J. STOCKTON.

The Community Shocked By Her Sudden Death—It Followed Closely That of Her Little Grandson.

Mrs. Matilda J. Stockton, widow of the late J. M. Stockton, died at 2:30 o'clock this morning at her home on West Second street.

She had been ill but forty-eight hours and the sad news of her sudden death was a great shock to her friends and the community. An attack of pneumonia was the cause of her death.

Deceased was a daughter of Dr. Thomas Nelson, who was a prominent physician of this county in his day. She was born at Washington, in the residence known as the Albert Sydney Johnson home, and was sixty-five years of age. Her brothers, General William Nelson, the late Colonel Anderson Nelson and Colonel Thomas Nelson, all attained national prominence in the service of their country. The latter, who resides at Terre Haute, the only one who survives, represented this Government as Minister to Mexico, during President Grant's administration.

Mrs. Stockton was universally respected and esteemed. She leaves six children, Mrs. E. A. Robinson and Mr. W. N. Stockton, of this city, Messrs. Robert and Thomas Stockton, of Denver, and Messrs. Lewis and J. M. Stockton, of Cincinnati.

The remains will be interred in the Maysville Cemetery. The funeral arrangements have not been announced.

J. M. STOCKTON.

The death of J. M. Stockton, the seven-year-old son of Mr. and Mrs. Thomas N. Stockton of Denver, occurred about 5 o'clock Monday evening at the home of Mrs. Matilda Stockton on West Second street, the bright little one preceding his grandmother to that happy home on the other shore only a few hours. The little fellow had been suffering from dropsical troubles for some time. The funeral arrangements have not been announced.

Mrs. Hannah Wood.

Mrs. Hannah Jane Wood died Monday at 4 a. m. at her home in Washington. She was the widow of the late H. W. Wood, who was engaged in business in Maysville at one time.

Mrs. Wood was born April 14, 1820, in this county and was the last of the William Lashbrooke family. She leaves five children, Mrs. John Chambers, Mrs. Nellie Boggs, Miss Jennie Wood, H. W. Wood and R. W. Wood. Mrs. Boggs lives in North Carolina and the others in this county.

The arrangements for the funeral have not been announced.

Handsome Out Glass.

The most beautiful and most artistic cuttings ever shown here are those that P. J. Murphy, the jeweler, is showing. No imported cheap cutting is his stock. Every piece American cut and as brilliant as a diamond; the prismatic colors in his glass are marvels of beauty.

At Covington an ordinance was passed imposing a license of \$2 on vehicles. The lower court held the ordinance invalid, but the Court of Appeals decides the ordinance valid so far as it applies to vehicles that are let for hire, but not as to private conveyances. Judge Wadsworth rendered a decision to this effect a year or so ago.

MORE COAL LOST.

The Mariner Sinks Two Barges Opposite Sullivan's Point—Latest River News.

The present shipment of coal from Pittsburg has been attended by greater losses probably than the towboats ever met with on one run. The Tornado, Relief, Advance and several other boats met with accidents above here, the worst, probably, being that of the Advance at Sand Creek, near Ravenswood, where she lost five barges and was herself badly sprained.

The Mariner added two barges Monday to the list sunk. She was leading the big fleet, and passed here a little before 10 a. m. The high wind was giving them all trouble. With a stage of only a little over nine feet they had to keep in the channel closely. Below Maysville the wind caught the Mariner and carried her too close to the Ohio shore. When about Sullivan's point, the tow either grounded or struck a snag, and two barges were sunk.

The Mariner backed away and succeeded in pulling the rest of her tow over to the Kentucky shore where she straightened things out and proceeded on her journey.

It was reported that another boat lost a couple of barges in the same locality last night.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

Messrs. Urey Woodson, Charles B. Poyntz and J. N. Saunders, the members of the present Railroad Commission, are at Frankfort and are rapidly getting their affairs in shape for the incoming commission, which takes charge on December 10th.

The stockholders of the Manchester Sive Company have been assessed 25 per cent. to pay off its indebtedness. The foundry is said to be a money maker when in operation, but there seems to be something wrong with the management somewhere for the institution has not been run one-third of the time since it was started.

The grand jury at Lancaster returned nineteen indictments last week, one of them against the L. and N. railroad for failing to make certain improvements about the depot there for public comfort and convenience. The Lancaster and Standford Turnpike Company, for failing to make a report of business done, will also be required to answer in court.

At Covington, E. J. Hickey, M. C. Motch and A. Degginer filed suit against the C. and O., each claiming \$10,000 damages. They reside on the west side of Madison avenue, and their property runs back to the railroad bank. The ringing of bells, blowing of whistles, the roar of escaping steam and the bumping of cars, each claims, is a never-ending source of annoyance and discomfort to himself and family. The air is filled with smoke, soot and dust at all times. The smells from vapor and smoke they claim are unhealthy, and the smoke, dust, etc., discolor their residences and depreciate their value.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was pecked away. Are his sufferings to be imagined?

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overtaken, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Then come the vultures—the torments of a diseased liver. Dr. Pearce's Golden Medical Discovery is more than equal to the vultures of dyspepsia and its kindred diseases. There is no more need of suffering from dyspepsia than there is of hanging one's self. Sold by all medicine dealers the world over.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
